SUMMARY

Organized and motivated professional with strong time management and organizational skills. Ready to leverage abilities in diverse environments to support operational efficiency. Committed to contributing to company growth while gaining valuable experience in entry-level roles.

SKILLS

- Software architecture
- C and C++ development
- Python programming
- JavaScript development
- React framework
- Web development
- Machine learning
- Blockchain technology
- SQL optimization
- Git version control
- Object-oriented programming
- Bash scripting

EXPERIENCE

Tech Lead

VISWAM AI | HYDERABAD, INDIA | Mar 2025 - Dec 2025

- Designed and implemented software architecture, enhancing scalability of applications.
- Conducted code reviews, ensuring quality and adherence to best practices across the team.
- Mentored junior developers, fostering their skills in programming languages and frameworks.

EDUCATION AND TRAINING

B.Tech: Computer Science and Engineering

Anurag University | Hyderabad, Telangana, India | Expected in Jun 2027

AWARDS & HONORS

- IDEATHON: A university-level ideathon first runner-up.
- AVENSIS: A university-level hackathon second runner-up.

PROJECTS

CollabOS

A collaborative decentralized application for IoT project management and a trustless application for clients overseas and developers. Framework: MERN stack + blockchain (DApp)

Status: Ongoing

Github link: <https://github.com/codegeekpy/CollabOS.git>

GenAI_Forge

A hackathon project developed within 24 hours featuring an AI-assisted full stack application with fully functioning features.

Advanced AI features include a roadmap to improve skills, resume analysis, job readiness evaluation, and an ATS-friendly resume designer. Response latency is less than 1 second.

Framework: React (Frontend) + FastAPI (backend) + AI tools (Gemini, Groq)

Status: Completed

Github link: https://github.com/codegeekpy/Genai_forge_2026_Devs.git

CERTIFICATIONS & LICENSES

- Cisco certification in web development and technologies
- NPTEL machine learning certification
- NPTEL Operating System certification
- IBM Artificial Intelligence Practitioner Certificate
- IBM AI Applied Professional Certificate
- IBM AI Engineering Professional Certificate (V2)
